

Session 27 – Haematology

21st May 2010

Friday 2pm City Hospital (Clinical Sciences Seminar Room 1)

Each talk should be short and sharp – 10-15mins only (like the paedics session we ran last year)

- 1. The ICU management of febrile neutropaenia
Tony O’Leary**
- 2. The ICU management of TTP
Matthew O’Meara**
- 3. The ICU management of an aplastic crisis
Mark Simmons**
- 4. The ICU management of tumour lysis syndrome
Tumour Lysis**
- 5. The ICU management of invasive fungal infections
Steven Gill**
- 6. Complications of haemopoietic cell transplantation relevant to
ICU
Ausim Mohammed**

Guest: Jenny Byrne (and if we are lucky Andrew McMillan as well)
